Trust President

MAYOR LEE ATTEMPTS "ANSWERS" TO CERTAIN QUESTIONS ASKED OF HIM BY THE FARMER

EAMES PREDICTS NEW HARBOR LINE FIGHT TO PROTECT PARK

(From the Farmer, Oct. 5. 1908.)
President George M. Eames, of
the Board of Park Commissioners,
was an interested spectator at the
session of the Common Council,
last night, during the bassage of
the harbor line legislation. To a
reporter of the Farmer he said
that it will not be long before the
Park Board will ask the Aldermen
for some harbor line legislation. He
said that what could be called the
"up river" harbor line fight is now
apparently settled, but that the
way is paved for a brand ney harbor line fight below the inner
breakwater. He is not afraid that
the Locomobile company will steal
a march on the Park Board over
night, by filling in the 20 acres of
harbor involved, because as he
says they cannot get the 10 000 says they cannot get the 10 000 odd teams that would be necessary for so prompt a performance of the job.

JOE CANNON IS LIKENED TO GRIM OLD WOLF

Senator La Follette Publishes Another Bitter Attack on Speaker.

fronic Reference to Corrupt Deal With Tammany Against Insurgents.

Madison, Wis., Oct. 29—Likening Joseph G. Cannon to a grim old wolf whose tangs are long, United States Senator La Follette publishes another attack on the Speaker in this week's leave of La Follette's Weekly Maga-

editorial was called forth by Cannon's recent speech at Eigin, Ills., in which he attempted to read out of the Republican party, Cummins, La Follette and the other tarif bill "inpurgents." The editorial says in part:

George Heberle, yardmaster, had his-leg cut off. He will probably die. The wreck was caused by a misplaced switch.

What Mayor Lee Offers in Defense

To The Editor of the Farmer:

Sir:- The Democratic party through their official paper The Bridgeport Evening Farmer, has submitted to me certain questions which it says the electors to answer. I will answer

Question 1. Is it not true that the discontinuance of the city harbor lines, gives to the New Haven Railroad Company, the right to fill in and to use for railroad purposes, some eleven acres of harbor?

use for railroad purposes, some eleven acres of harbor?

Mayor Lee's answer: The discontinuance of the city harbor line does not give to the railroad company the right to fill in and use eleven acres of harbor. It is land which the railroad company owns and has owned before this controversy arose. If the city of Bridgeport wishes to include these flats within its harbor line, it will be necessary to pay the railroad for land in the same manner as it compelled in the same manner as it compelled taken for streets or any other public purpose. I a. uformed that the value of this land, as praised by disinterested real estate experts, is approximately \$175,000. So long as I am Mayor of Bridgeport the public fund will not, with my consent, be used for the purpose of purchasing mud flats, completely out of water at low tide, and covered at high tide only to sufficient entent to allow the passage over them of row boats.

entent to allow the passage over them of row boats.

Question 2. Is it not true that the

Follette and the other tariff bill "insurgents," The editorial says in part:

"Speaker Cannon served notice that he means to purge the threshing floor of the Republican party of such chaff as Cummins, La Follette and 'their followers.' By these terms Cannon describes the progressives—who, of course, are followers of neither Cummins or La Follette, but their own unblased and subdued minds.

"These people', Speaker Cannon is reported to have said, 'cali themselves Republicans, but if they are then I am something else.'

"We hope Cannon is right. If by these remarks he means that there is an irresistible conflict within the party favoring Connonism on the one hand and the principles of the progressive Republicans on the other he provided of Mr. Eames making any such statement as this. I only know that the action of the common council in fixing the present line, and leaving the line was removed and the right to fill restored?

The only fact contained in the Mayors first answer is that a suit was brought. The suit was not based upon the the provided was first answer is that a suit was foreign the express sanction and approval of the present line, and leaving the line was removed and the right to fill restored?

The only fact contained in the Mayors first answer is that a suit was not bestored. The line was removed and the right to fill restored. The leaving and the principle of wharfing out to the United States line, and of filling in II acres of the man and the first and the principle of wharfing out to the United

Fireman Roasted Alive in

A Rear-End Collision

A Rear-End Collision

Rochester, N. Y., Oct. 29.—Rheinard Strassner, fireman, was thrown into the firebox of his engine and roasted alive in a rear-end collision in the freight yards of the New York Central here today. Arthur Chapman, night yard master, was riding on the wreckage. He died after being taken out.

Firemen were called and rescued the body of Strassner before it was entirely consumed.

opinion of the city attorney, submitted on Feb. 15, 1909, had been inadvertent-ly omitted in the revision of the chart-

An Analysis of His Statement and Some of His Conduct Facts He Overlooks

The State of Connecticut owns all the navigable waters and the land under the waters up to average high tide. It is not necessary to quote law to show this to the people of Bridgeport who have only to remember that in 1905 the Legislature passed a bill giving some 45 acres of harbor bottom to the Locomobile Company of America. Later they repealed the gift because the use that might be made of it threatened Seaside Park. Mayor Lee voted for this gift of harbor bot-He was a member of the Assembly in the year 1905. Later, when the hue and cry came, he worked for the repeal of the gift, claiming that he did not understand what he was do-ing when he voted for it.

ing when he voted for it.

It would seem as if Mayor Lee ought to know who owns the navigable waters and the land beneath the waters. Did he believe when he voted for the bill giving the Locomobile Company 45 acres that the State was making the company a present of something that the company owned and the State did not own? not own?

When in 1907 he helped secure a bili taking back a large part of these 45 acres, did he then believe the State was taking back something the State did not own?

was taking back something the State did not own?

The Mayor ought to know what a harbor line is. It is in the nature of a building line. The one tells how close to the Locomobile Company of America the right to fill in some 25 acres of harbor opposite Seaside Park?

Mayor Lee's answer: This is not a true statement. The Locomobile Co., has the same rights of filling in which any owner of the same tract would have under the laws of the State of Connecticut.

Question 3. Has not the President of the Park Board announced that this would be an injury to Seaside Park, and that the Council must pass legislation to prevent the injury occuring?

Mayor Lee's ansewer: I have no knowledge of Mr. Eames making any such statement as this. I only know that the action of the common council in Sylpa the present line and leaving.

Every interest connected with the wa-ter wanted that suit tried. It never

would offer a small reduction in the cost of lighting unless it were pretty sure the investigation would compel a

Committed Suicide

In Catholic Church

Buffalo, Oct. 29.—Frank X. Winters,
Z. committed suicide in the revision as to notice shall be given to interested parties as is provided in the laying out a harber line, the same provision as to notice shall be given to interested parties as is provided in the laying out of a street. I see nothing unfair or unjust in a provision which requires a notice to individuals whose property is subject to condemnation, and the opinion of the city attorney, to which I have not person saw the shooting. Winters, sitting in a pew near the rear of the church was discovered by a woman who went there to worship. She believed that the man was ill and notified Mgr. Connery, pastor of the church. Father Connery, purified to the man's side, but Winters died shortly after the priest arrived.

A 32 calibre revolver with three empty shells was found near Winter's title.

On Feb. 15, 1909, had been inadvertent-sure the investigation would compel a large reduction?

In answer to Question 13 Mayor Lee says he does not know whether the proventy of the Electric Light company to that the says he does not know whether the proventy of the Electric Light company is provided in the laying out a harber line, the says he does not know whether the proventy of the Electric Light company is says he does not know whether the proventy of the Electric Light company is large reduction?

In answer to Question 13 Mayor Lee says he does not know whether the proventy of the Electric Light company is large reduction?

In answer to Question 13 Mayor Lee says he does not know whether the proventy of the Electric Light company in surable large reduction?

Harbor Master Exposes 'Little Joker' Amendment

(From the Farmer of May 20, 1909)
Harbormaster Charles H. Morris has
addressed an identical letter to each of
the Representatives of Bridgeport in
the General Assembly, which means
the three Senators as well as the two embers of the House.

The letter follows: My Dear Sir—I feel it my duty to call your attention to H. B., 519 amending the charter of the city of

to call your attention to H. B., 519 amending the charter of the city of Bridgeport, which, I am informed, has been favorably reported by the committee on Cities and Boroughs. This is the bill the ostensible object of which is to require hearings to be held before harbor lines are laid, by this city.

Its real object, I believe, is to reinstate in the charter a provision by which Bridgeport, for exercising its right to protect navigation by the location of harbor lines, shall be compelled to pay for so-called wharfage rights, although the State, the United States, and I understand some cities of the State, exercise similar rights without being held to pay damages.

You will readily perceive that if it is the real object of the bill to provide hearings, that this result may readily be accomplished without changing the status of Bridgeport in the matter of damages.

I understood at the hearing on the bill, that it had been prepared by counsel for the New York, New Haven & Hartford Railroad Company who appeared in its favor.

However destrable the proposed legislation may be from the standpoint of the company, which as you know is now adversely engaged in a disagreement over harbor lines with the city, it seems to me that, as its effect may be to subject the taxpayers to large payments from time to time, that it is not a de-

taxpayers to large payments from time to time, that it is not a de-sirable alteration in the charter.

sirable alteration in the charter.

For fuller information as to the legal bearing of this legislation I beg to call your attention to the opinion of former City Attorney James A. Marr, now on file with the Common Council of the city of Bridgeport, relating to the subject and bearing date of Jan. 23, 1909.

Very respectfully yours, CHARLES H. MORRIS,

Burglar Prepared For Biting Winds

(Special from United Press.)

Nangatuck. Oct. 29.—When John
Starolis, of this city, entered Butville's
clothing store in Union City last night,
getting away with an overcoat, several
sweater jackets, a pair of trousers and
other articles of men's wearing apparel, he evidently felt the cold weather in his bones, and made his haul as
a precautionary measure against the
biting winds.

To-day Starolis was taken into custody by the Naugatuck police. The overcoat he had on his back was also taken into safe keeping for it proved to be the same, one that is missing from the burglarized store.

School Teachers in Session

Thrown from Horse (Special from United Press.)

New York, Oct. 29 .- While riding in Central Park to-day, Charles Courter Dickinson, president and director of the Carnegie Trust Company, and Carnegie Safe Deposit Company at 115 Broadway, was thrown from his horse and badly hurt. He was taken unconscious to the hospital.

At the hospital it was stated that the financier had sustained concussion of the brain, a broken nose and lacerations of the face and left hand.
